---

## Profile Summary

I'm a 26-year-old software developer based in São Paulo, Brazil. Currently, I work remotely as a Junior Developer at Omni Calculator, where I specialize in developing scientific calculators and leading the German content creation team. I also develop responsive web applications and study Software Development in the 3<sup>rd</sup> semester. My expertise includes JavaScript, React, Git, SQL, and modern web frameworks.

---

## Professional Experience

### Junior Developer at Omni Calculator | Remote July 2023 – Present

- Designed and implemented complex algorithms using JavaScript to ensure accuracy and reliability.
- Led the German content creation team, managing workloads, and ensuring timely, high-quality project delivery using Scrum methodologies.
- SEO Optimization with SalesQL, Google Search Console and SemRush.

**Project Highlight:** Developed seven specialized financial calculators, resulting in a 7% increase in monthly user volume in Germany.

---

## Technical Skills

- **Languages & Frameworks:** JavaScript (ES6+), React, Node.js, Express.js, SQL, HTML5, CSS3, SASS, Bootstrap, Tailwind
- **Tools & Technologies:** Git, REST API, Postman
- **Development Practices:** Agile (Scrum), Test-Driven Development (TDD), Version Control
- **Languages:** German (native), English (C2 Certificate), Portuguese (fluent)

You can find a collection of my recent work at my [Portfolio](#).

---
